

NOFA-NH 2017 Annual Report

Highlights

- Record attendance at our 15th Annual Winter Conference, hosted, Joel Salatin, of Polyface Farms as our Keynote speaker.
 - Reinstated our Spring Bulk Order program with improved ordering process.
 - Launched our Farm Share Program with eight NOFA-NH member farms. We leveraged grant funds to subsidize CSA shares for more than 40 low-income NH residents.
 - Hosted farm tours and highlighted the findings of our two-year crop production cost analysis project to help farmers know what organic crops are the most profitable. A Specialty Crop Block Grant shared by the Vermont and Massachusetts NOFA chapters funded this fantastic program.
-
- Participated in 'Keep the Soil in Organic' rallies.
 - Promoted NOFA-NH and organic farming via the NH Farm & Forest Expo, March Against Monsanto, NH Permaculture Day, and the New England Vegetable & Fruit Conference.
 - Improved member services by overhauling membership records, and upgrading our monthly e-newsletter.
 - Increased NOFA-NH membership by 30%.

NOFA-NH's Team

Joan O'Connor

Stacey Purslow

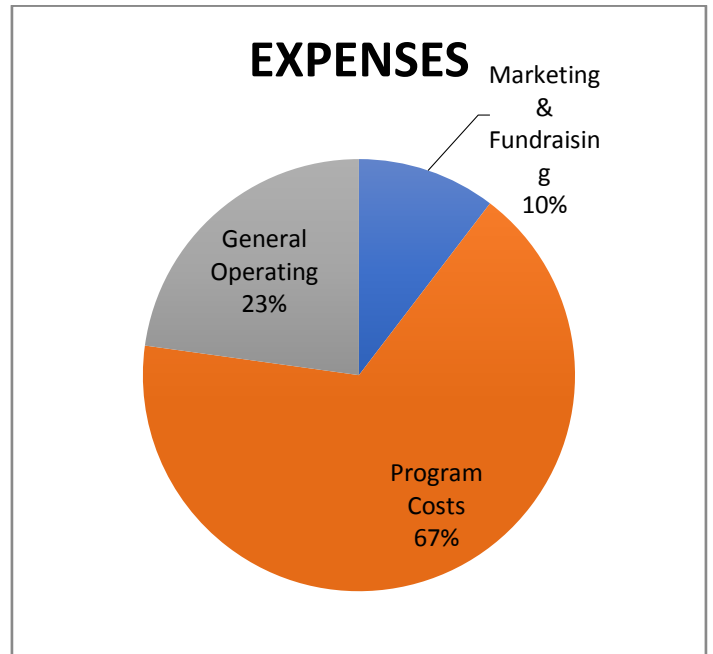

Mission: We actively promote regenerative, ecologically sound gardening, farming and land care practices for healthy communities. We help people build local, sustainable healthy food systems.

Financials

Total Income: \$125,125

Total Expenses: \$131,559

Net Loss: \$6,434

Grants and Grant Projects

- *Specialty Crop Block Grant: Enterprise Analysis* – A project identifying the most economically viable organic crops.
- *Subsidized CSA* – Connecting NOFA-NH farmers with members of underserved populations and assisting in purchase of CSA shares.
- *NH Gleans* – Harvest food that farmers will not use and provide to underserved populations.
- *You Have Our Trust* – General support for organization development.
- *Fair Labor Policies* – Support for education about fair labor.
- *Farm Aid Policy* – Support for policy advocacy.
- *NOFA Clif Bar Carbon Grant* – Support for including a soil carbon restoration track of workshops and roundtable discussion on soil carbon farming practices at the Winter Conference, and hosting an additional workshop during the year on soil carbon sequestration.
