

Regional ACA Fee Comparison Chart

For use while researching and transferring your current certified operation to another ACA.

There are more levels if you are grossing over \$100,000. Please see each ACA website for specific details of their certification fee schedules.

The fees were taken from each ACA's website and should be accurate for 2024 fees. Listed are basic fees, subject to change. Please contact each ACA for more accurate fees specific to your operation.
